TRACKING AND REPORTING REFERRALS

integration.samhsa.gov

TIPS FOR COHORT IX

integration.samhsa.gov

Tips

- Use the resources that are available to you (CIHS, TRAC Helpdesk, integration.samhsa.gov)
- Have regular meetings with staff to confirm definitions (co-occurring services) and clarify data collection expectations
- It is ok to show the NOMs questions to a consumer who is suspicious/confused, but the coach needs to collect the data
- Get clinical staff comfortable with data. Regularly review health information and ED visits

integration.samhsa.gov

Tips

- Regular communication with staff about upcoming and missed NOMs interviews and H indicators
- Don't be afraid of IRB. Non-University IRBs are typically more responsive
- Track & report information that is relevant to the clinical and administrative staff. Be flexible and change what you report as new priorities emerge.

ADDRESSING HEALTH DISPARITIES

Where Can Disparities Be Measured?

<u>Access</u>: are people coming to your organization?

<u>Engagement with wellness services</u>: Are all subpopulations engaging with PBHCI services?

<u>Satisfaction with services</u>: Are there disparities in satisfaction?

<u>Outcomes</u>: Are there disparities in outcomes?

Subpopulations

- Race
- Ethnicity
- Age
- Gender
- Sexual orientation
- Primary language
- Geographic location

Blood Pressure Improvement

% of people who were at-risk at baseline and showed some improvement after 6 months

Total   57%

Race:
  White   65%
  Black   50%

Age:
  18-35   n/a
  36-54   58%
  55+   57%

Gender:
  Male   56%
  Female   58%
  Trans   50%

Upcoming dates/events/deadlines

Nov 30: BHICA & IPAT (cohort VIII & IX)

Dec 5-9: PBHCI evaluation introductory webinar (by Mathematica)

Jan 31: Quarterly report (all grantees) and data submission to Mathematica (cohort VIII & IX)

Feb 10: Evaluation affinity group call

Loose Ends

Feel free to contact me as often as you'd like.
AaronS@thenationalcouncil.org

Is anyone willing to talk about statistical analysis with a new PBHCI evaluator?

Please fill out the survey at the end of the call!
